

# IT'S CURTAINS FOR PUB SMOKING!

The ban on smoking in public places is only a few weeks away.

No doubt you've been planning for your smoking customers – smoker's shelters, outdoor heaters, awnings and so on.

But have you given enough thought to non-smokers? After July will your pub/bar still look like a smoker's den?

Do you know the secret to quickly transforming your pub?

How do you make it welcoming to returning non-smokers after July?

How do you get rid of the smell of smoke & the nicotine tinged décor?

**SIMPLE!! Just hang new curtains and give the walls a refreshing coat of paint.**

*The Windmill at Dunnington chose Art from the Start to transform the bar and restaurant*

It's not too late to get help before smoking is banned. Phone us for your pub make-over.  
**Call us now to see how we can help you.**

**01759 377311 9am-9pm**
